With the adoption of the 5th EU sanctions package on April 8, 2022, it is now prohibited for transport companies established in Russia or Belarus to carry out transports on the territory of the EU.

For this reason, we would like to point out that the use of Russian or Belarusian (sub)carriers is strictly forbidden for orders placed by us with you until further notice. The EU's eleventh sanctions package against Russia came into force on 23 June 2023. Since then, there is now also a complete ban on trucks with Russian trailers and semi-trailers transporting goods to the EU.
